## IN THE HOUSE OF REPRESENTATIVES

APRIL 17, 2007

Mr. LATHAM submitted the following resolution; which was referred to the  
Committee on Education and Labor

## RESOLUTION

Congratulating Iowa State University for its efforts to  
refurbish and rededicate Morrill Hall.

Whereas Iowa was the first state in the Nation to accept the  
terms of the Morrill Act, and Iowa State University  
(ISU) was one of the first institutions to be designated  
as a land-grant institution;

Whereas this early connection to the mission of land-grant in-  
stitutions has helped make ISU and the State of Iowa a  
leader in agriculture;

Whereas ISU dedicated the aptly named Morrill Hall on June  
16, 1891;

Whereas Morrill Hall was designed in the Beaux Arts archi-  
tectural design process which used major architectural  
volumes to express functional unity;

Whereas Morrill Hall's 3 principle uses (a chapel, library, and museum) were consistent with the aspirations for traditional student life as well as for expanding instruction that combined the theoretical with the practical;

Whereas George Washington Carver enrolled at ISU shortly before Morrill Hall was dedicated and was the first black graduate of ISU;

Whereas George Washington Carver's presence at that time on the campus of ISU also relates him to the Second Morrill Act that provided for educational opportunities for students regardless of race;

Whereas Morrill Hall's uses changed over the hundred years following its dedication;

Whereas after sitting empty for approximately 10 years, Morrill Hall was significantly refurbished through a multi-million dollar renovation effort;

Whereas Morrill Hall will be rededicated on April 20, 2007, and will house the Christian Petersen Art Museum, the Center for Excellence in Learning and Teaching, and the Center for Visual Learning in Textiles and Clothing;

Whereas the Christian Petersen Art Museum, in addition to housing the Christian Peterson Collection, will have 2 exhibition gallery spaces, one of which can be used daily as a high-tech visual learning theater as well as a gallery space, while the second space will house contemporary exhibitions and can be converted periodically into a studio for visiting public artists;

Whereas the Center for Excellence in Learning and Teaching helps ISU's teachers improve their skills by comparing teaching techniques with colleagues, experimenting with

new techniques, consulting on course design, and learning how to use new technologies in the classroom; and

Whereas the Center for Visual Learning in Textiles and Clothing will include storage facilities for the collection's 7,500 pieces from around the world and dating from the early 1800s, a special laboratory for conserving and restoring textiles, a high-tech classroom that can be used for distance education, and a gallery for fiber arts and apparel exhibits: Now, therefore, be it

- 1       *Resolved*, That the House of Representatives con-
- 2     gratulates Iowa State University for its efforts to refurbish and rededicate Morrill Hall.
